## GO GREEN UPGRADE

All of the new supply part numbers listed in green will only work with upgraded Datacard® CP Series printers. If your CP printers have not received the latest firmware update, please visit [datacard.com/GoGreen](http://datacard.com/GoGreen).

## GET HELP HERE

We designed the firmware update for the Datacard® desktop card printers to install quickly and very easily. Despite that, you may still have questions. If so, here are the people to contact:

### 1. Your internal technical support staff

If you are not directly responsible for the technical maintenance of your Datacard printer, talk to the people who are. They know your ID card issuance systems best.
