Dear Yuriy,

We cooperate for already long time and sales results of TerraLink were always great, but last year was really exceptional. Terralink performed excellent promotion of HID Global products and implemented many successful projects within Russian Federation, revenue growth year on year was 14%.

It is my big pleasure to proclaim

TerraLink as The Best Secure Issuance Distributor in Eastern Europe in 2018.

I will be happy to see you at Securika Tradeshow in Moscow and personally hand over your reward for success.

Thank you and your team!

Sincerely,
